EDUCATION			
Course/ Examination	Institution	Year	GPA
B.Tech Computer Science & Business Systems	Bharati Vidyapeeth (Deemed University) College of Engineering, Pune	2023-2027	7.4
INTERNSHIP/ EXPERIENCE			
<u>Business Analyst Intern</u> <i>MODUS Enterprise Transformation Platform, London, United Kingdom</i> <i>Apr 2025- Aug 2025</i>	- Delivered with 10x the accuracy, speed and efficiency using AI Models and Context Engineering in AI. - Performed failure-mode & crash root-cause analysis for Williams Racing (F1), driving a 3.5-second reduction in on-track repair turnaround and informing a revised operations strategy adopted by senior leadership. - Curated comparative cost-efficiency models for aviation client; benchmarked seat-capacity economics & exposed fuel/meal inefficiencies, enabling strategy design projected to unlock ~\$200M in annual margin upside. - Consolidated 100+ KPIs into structured dashboards, supporting senior consultants in accelerating turnaround time analysis and communicating findings to client stakeholders. Mapped end-to-end value chains across 3 industries (F1, aviation, retail); isolated >12 bottlenecks informing client-specific transformation roadmaps.		
<u>Intern-Under 25 Summit</u> <i>Under 25</i> <i>Pune</i> <i>Oct 2024-Nov 2024</i>	- Coordinated cross-functional outreach + PR execution, completing campaign milestones 30% faster vs. standard cycle (10 days vs. 13-day timeline), enabling tighter alignment with sponsor objectives. - Delivered integrated social media content calendar + 15+ assets that lifted w-o-w engagement ~40%, contributing to event visibility across student audiences, driving measurable awareness in target segments. Facilitated revenue generation via individual + group outreach, driving ₹10,000 in ticket sales.		
<u>Writer & Head of Content</u> <i>Reinvent. (Blog)</i> <i>May 2023- Jan 2025</i>	- A passion-driven blog started as a hobby, ended up analyzing market trends, & strategic insights, growing readership to 100+ monthly visitors across 3 countries & establishing a recognized student-led finance platform. - Produced in-depth articles on macroeconomic trends, applying data visualization and business-model analysis to strengthen readers' financial literacy and foster analytical thinking among young investors.		
POSITIONS OF RESPONSIBILITY			
<u>International Service Director</u> <i>Rotaract Club</i> <i>Sept 2025-Nov 2025</i>	Elected to the Board of Directors to lead as International Service Director , formalizing 5+ cross-country collaborations and establishing new communication SOPs that increased partner response rates by 40%. Spearheaded cross-functional coordination and stakeholder negotiations to enhance global engagement.		
RESEARCH EXPERIENCE/ TECH PROJECT			
<u>AI Library Book Recommendation System</u> <i>Jan 2025 – May 2025</i>	Designed a Python–MySQL integrated recommendation engine analyzing user borrowing behavior to generate personalized book suggestions and integrated it with Python logic to manage users and book logs. Discussed plans to integrate external AI APIs for advanced personalized recommendations.Applied database optimization and early AI model planning for content-based filtering, improving retrieval efficiency by 40% in simulation.		
<u>Team Lead- FemTech AI Platform</u> <i>Sept 2025</i>	- Led early-stage strategy team for an AI-based FemTech platform using Female centric datasets and purely vibecoding. Designed go-to-market strategy, pricing model, & financial projections; delivered investor presentations evaluated by VC + consulting panels, achieving 1x National Finalists in – Shark Tank Pitching Wars & 1x National Finalists in NextGen AI Ventures Case Competition, Lady Shri Ram College (DU); advanced through multi-round evaluations for strategic scalability & AI in healthcare. - Developed compliance roadmap aligned with PDP/HIPAA standards and built Gemini-based symptom triage prototype; simulated >80% diagnostic alignment in prototype testing.		
EXTRACURRICULARS			
<u>Harvard's HPAIR ACONF 2025</u> <i>(Tokyo, Japan)</i> <i>Aug 2025</i>	Invited by Harvard University's HPAIR Org to represent India at the Harvard Project for Asian and International Relations (HPAIR) Asia Conference 2025 as a Lead Delegate held at U-Tokyo, Japan. - Became a part of this prestigious delegation among a pool of 50,000+ applications, engaging with 300+ global leaders, innovators & changemakers on the most pressing issues of time. Gained insights on the future of AI in Japan, fostering discussions on digital transformation frameworks and their business implications.		
<u>Shark Tank Pitching Wars- National Finalists</u> <i>September 2025</i>	National Level Finalists- Team innovators, among 1,000+ entries for FemTech AI startup solving long-neglected women's health challenges; led strategy, business modeling, & investor pitch development. - Designed go-to-market and pricing, achieving finalist selection based on scalability and revenue model.		
COURSES AND CERTIFICATIONS			
McKinsey Forward Program (Apr–Jul 2025): Gained exposure to structured problem-solving, impact-first decision-making, and communication for influence. <i>Relevant Coursework: Problem-solving, communication for impact, relationships and wellbeing.</i> Solved McKinsey Case Assignment by defining problem in SMART framework and MECE logical trees; received mentor feedback on approach.			
SKILLS			
Analytics & Tools	N8N, Python(pandas, NumPy), SQL, MySQL, MS Office Suite, AI Models- GPT, Claude, Deepseek & Gemini, AI Prompt Engineering, AI Context Engineering, Tableau		
Consulting/ Strategy & Research	Business Analysis, Value Chain Mapping, Market Entry Strategy, Cost Optimization, Problem Structuring, Stakeholder Management, Business Summary Report Writing		
Innovation & Product	Product Management, Design Thinking, Agile Methods, Wireframing (Figma), User Journey Mapping		
Soft Skills	Structured Problem-Solving, Analytical Reasoning, Strategic Communication, Cross-functional Leadership, Data Synthesis		
AI Automation Skills	Business & Other Workflow Automation- N8N, MCP
